SCHOLARSHIPS

The Fashion Scholarship Fund (FSF) recruits a diverse group of applicants from design, product development, merchandising, marketing, data analytics, and supply chain.

Undergrads attending FSF member schools are eligible to compete in our merit based scholarship competition.

**Financial awards
range from
\$5,000 to \$35,000.**

Scholarship recipients are honored in January at the FSF Awards Gala, one of the fashion industry's most prominent events in New York City.

Winning an FSF Scholarship is just the starting point of what our organization can do for you. Through the FSF internship, career placement, and mentoring programs, we will guide you on the path to a successful career in fashion.

INTERNSHIPS & CAREER PLACEMENT

Finding an internship or your first job
after graduation can be stressful!

As an FSF scholarship recipient, we'll connect you
to our vast network of recruitment partners
at leading fashion companies.

Each year at the FSF January Career Fair,
we bring the new class of scholarship winners
to NYC to meet talent acquisition teams
and get an early start on securing
summer internships and entry level positions.

FSF PARTNERS

Including but not limited to...

24 Seven / Abercrombie & Fitch / American Eagle
